

Sydney International English Language Support

As well as academic entry requirements, the minimum entry requirements to the Bachelor of Information Technology (IT) is an English language proficiency (IELTS) level of 6.

When you commence at Level 1 of the School's bachelor programs, if your IELTS level is between 6 and 6.5, you will be provided with up to 100 hours of free English Language tuition. These English classes will be scheduled so that they do not interfere with your study timetable, and attendance at the classes is strongly recommended as this will assist you to successfully complete the assessment items for your study units.

It is anticipated that this English tuition, plus the chance to use and practice your English during your studies, will put you in a strong position (providing you work hard at your English) to graduate with an IELTS level of 6.5.

If you are commencing in a diploma program the minimum IELTS entry level is 5.5. You will also be offered 100 hours of English tuition at no cost, which should assist you to raise your IELTS level to 6 by the time you complete your diploma with us.

Sydney International Mathematics and Study Support

We also provide students with up to 25 hours of free mathematics or study-skills tuition if you think this will help you with your study. These classes are scheduled so that they do not interfere with your class timetable. Attendance is voluntary, and this tuition is not part of your assessment. However, students are **STRONGLY** encouraged to enrol in these classes as they will help you with the skills you need to get the most from your studies.
